Wind Chime

Required Materials:

- (1) Clean Snack Pals cup container
- (6) 12 inch pieces of string or yarn
- (5) Small bells
- Assorted beads
- Scissors
- Strong Glue
- Pliers (optional)
- Decorations

Step 1: Ask an adult for help and use the scissors to make (5) evenly spaced holes around the lip of the container, and (1) hole in the center of the bottom.

Step 2: Decorate the container in a way that makes you happy!

Step 3: When your decorations are complete, tie one end of each string around each of the holes so they hang like octopus tentacles when the container is held upside-down.

Step 4: Thread your beads however you like on all (5) strings. Make sure you leave 3 inches from the bottom of the string.

Step 5: Add your bells at the ends of the strings, using the pliers to help pull the string through if needed. Tie off each end.

Step 6: Thread the 6th string through the hole in the bottom and tie a double knot. This will be how you hang the wind chime outside.

Don't forget to submit a photo of your masterpiece to the art gallery at hannafordsnackpals.com!
