

Paint Your Favorite Snack Pal

Grab some snow paint for an outdoor painting party and draw your favorite Snack Pals.

No snow?
Grab some colored chalk and get creative!

Staying inside?
Grab your watercolors and a sheet of paper and make any Snack Pal friend to show off at home or in class.

How to Make Snow Paint:

Supplies:

- Liquid food coloring
- Cold water
- Plastic squeeze bottle (as many bottles as colors you'd like to use)

Step 1: Take the lids off your squeeze bottles and squeeze several drops of each food coloring in each bottle.

Step 2: Carefully fill the bottle up with cold water. Leave an inch of space from the top.

Step 3: Place the lids/caps back on each bottle and shake to mix.

Step 4: Carefully take the caps off and squeeze the bottles to paint in the snow.

Share a photo of your indoor or outdoor art to the Snack Pals gallery for all to see!
